Adventure Camp
Nature and Adventure Center

Dear Parent/Guardian,

Thank you so much for the opportunity to serve your family this summer during Adventure Camp at the Nature and Adventure Center. We are excited to have the opportunity to build memories for your child that will last a lifetime.

Remember when you were 9 years old? I bet you do! I ask that, because we at the Nature and Adventure Center understand the responsibility you are giving us, entrusting us with your child's memories and safety. I am excited, because I know that we will make awesome memories this summer and one day when your child is an adult and is asked about his/her childhood, we hope they think of Adventure Camp!

We have many fun and exciting activities lined up each week for our campers. These activities include daily swimming, archery and bb shooting, tennis, basketball, games, science and nature, arts and crafts, and weekly guest presenters introducing our campers to a variety of nature, science, and sustainability activities and initiatives.

We are excited that our staff has historically consisted of multiple public-school teachers, teacher trainees, Eagle Scouts, certified lifeguards, certified range masters, and caring adults that have spent their lives helping children achieve their goals.

It is our desire that your family is so thrilled with our camp, that you will return week after week, summer after summer!

If you have any questions or concerns, please do not hesitate to contact us at 706-733-5277.

Thank you and we are excited for an AWESOME SUMMER!
